VETERAN RENTAL ASSIST ACKNOWLEDGMENT **FOR EVICTIONS**

To obtain rental assistance from the Lucas County Veterans Service Commission, the following guidelines must be followed and met:

1. Must have a valid lease and a valid eviction notice. Both the lease and the eviction notice must be signed by the landlord (lawful agent). The eviction notice must state the amount owed for rent and the dates of nonpayment. (Cannot be more than a 30 day notice of eviction)
2. If the lease is signed by a property manager, they must provide a property management agreement to show they have legal authority to sign lease and valid rental documents.
3. If the client is approved for the rental assist, the Lucas County Veterans Service Commission will only pay the amount listed on the eviction notice. We will not pay, in advance for the next months rent. The client is responsible for trying to make that payment.
